Dear Mr. Secretary General,

I am pleased to confirm that the Municipality of Agios Dimitrios supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

- Implementing and promoting the ten principles of the UN Global Compact in the management and administration of the city
- Promote the UN Global Compact Ten Principles and educate a variety of audiences about sustainability.
- Supporting businesses and other stakeholders in establishing and implementing sustainability initiatives that are transparent and beneficial to the city
- Acknowledging our participation in the Global Compact publicly and promoting the initiative and the ten principles within our sphere of influence
- Engaging in Global Compact Local Network activities

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely,

Maria Androutsou – Mayor
